Beloved Partners & Friends

It is a shame how little we ponder the person of Jesus. We are all about His ministry, His healing, His deliverance and everything sensational that the eye sees and the ear hears. But, we are to consider Jesus. The word "consider" comes from the root Latin word for "STAR" and originally meant "contemplate the stars." It brings to mind the astronomer in his quiet, patient, persevering gaze into the heavens looking for a new star or another solar system. To consider Jesus who is God, who became man, so as to perfect our human nature through His suffering and obedience, is too deep a matter to treat as lightly as most have done. We need to gaze upon Christ and contemplate Him until He possesses us in every detail of our lives. May our enthusiasm and devotion explode as we consider Him. Does our soul truly long for Him as one in a dry and thirsty land? Do we spend time often enough and long enough to see even some of His beauty and glory? Consider Jesus! Gaze upon His humility and His compassion. Gaze again on His righteousness and strength in the face of every adversity. Look at that loveliness when men reviled Him and beat Him, mocked and ridiculed Him and in every way treated Him unfairly and unjustly. Consider Jesus standing before Pilate who declared, "What is truth?" in the

CONSIDER HIM!

face of the one who is LIGHT. Consider Jesus, forgiving Peter and desperately longing for that disciple to rise up to his full potential and be the one who the Lord purposed Peter to be. Consider Jesus, patiently teaching and ministering to His disciples concerning the Kingdom of heaven when all they were interested in was the restoration of a physical Davidic kingdom. Consider Jesus who never spoke one unjust word or ever acted out of selfishness or vain glory.

CONSIDER JESUS AND BE LIKE HIM.

Consider Jesus, HOLY brethren for this is what HE has made us and what we cannot possibly do in a million lives on this earth. Consider Jesus who has made you acceptable in the presence of the Lord. Consider Jesus who has so cleansed the Adamic nature...FOREVER! Consider Jesus, who by having gone before me is able to bring me into the Holy of Holies with all boldness for He is the one who makes Holy. Consider Jesus who is not ashamed before the Father's throne to identify me with shouts of joy and victory when I have given Him no reason to do so. Consider Jesus who boasts to call me, "BROTHER" no matter how many times I have failed Him and disappointed Him. Consider Jesus who loves me with such a love that it should simply undo me and melt me until my eyes run down.

CONSIDER JESUS AND BE JUST LIKE HIM.

CONSIDER LOVE INCARNATE. CONSIDER GOD!!!

LETTER FROM THE HEADMASTER

As yet another term closes we are able to look back at the huge volume of work that has taken place at Kalibu to make this an Academy of which you may be supremely proud. This is the best academic institution in Malawi and from here out we will only rise higher and higher. The Academy currently has 38 full time teaching staff with two more to be added at the beginning of next term. We have recently completed the technical wing of the Academy and 30 brand new machines are on the way from Finland to service woodwork and metalwork. We will also be adding a motor car mechanics section to the school. Included in the container en route from Finland are five 150 liter state of the art cooking pots and a vast amount of other equipment to modernize the kitchen. It is our deepest congratulations and thanks to Mrs. Juanita Kourie and her assistant, Mrs. Angela Sonde and their staff for the wonderful food that they produce in the kitchen. Their meals are incredible – nourishing and tasty and well prepared. I sample every meal and there is not a student who has any reason to complain about the food served at Kalibu.

On a note concerning the health and cleanliness of the entire school as well as the kitchens, we are able to boast loudly after the recent visit by Ministry of Health on a tour of inspection. The conclusion is that the cleanliness and facilities and the entire *modus operandi* of the Academy beats all of the universities and colleges in Malawi as well as the hospitals and most of the top hotels.

We have worked exceptionally hard to get the sports fields operational and our deepest thanks to Mr. E. N'gonamo for his dedication and enthusiasm. It is wonderful to see a teacher with such passion not only for his discipline but for the facilities. Mr. N'gonamo has worked tirelessly on the fields to provide your children with the very best. Parents he is deserving of your fullest support and deepest thanks for his remarkable input. Kalibu Academy is blessed to have him on team. Remember, we are about holistic education at Kalibu Academy and sport is of extreme importance. With the heavy rains we have had massive "wash aways" on our new fields and a vast amount of work still needs to be done. Parents, we need your help to assist in finishing off these fields. We need anyone who can make available or knows those positioned to make available those huge tip trucks to deliver 100 loads of top soil especially for the athletics field. The Academy drilled a borehole and hit a subterranean aquifer that is currently supplying abundant water for the fields through an artesian well. We will soon have the best soccer fields and athletics tracks in the country but we need your assistance. Anyone who knows of a larger roller please come forward and offer your services.

ACADEMICALLY:

We are beyond thrilled with the results of our first international IGCSE examinations out of Cambridge University. Of the 59 students who wrote all 59 passed with a full certificate.

True education is taking "drop out" students and the less intellectually endowed and getting them through to pass. Most schools boast about their star achievers but such students will pass anyway and only need a little guidance from teachers. To take a rejected student and really coach him or her through to success is proof of good education and quality teaching. This is what Kalibu Academy is all about. Parents, you can be proud that your child is at Kalibu Academy. We are proud of what we have produced. In individual disciplines, the following results were recorded:

- 100% of Candidates passed with a full certificate
- 98% of all subjects written were passed
- 100% pass in accounts
- 100% pass in business studies
- 98% pass in physics
- 100% pass in biology
- 100% pass in economics
- 100% pass in history
- 100% pass in English as a FIRST language
- 97% pass in chemistry
- 94% pass in geography
- 95% pass in maths

Congratulations to the Academic staff for a work well done!
