**Beloved Partners & Friends**

A full size replica of Noah's Ark measuring 450 feet long by 75 feet wide and 45 feet high has recently been built on Ma Wan Island in Hong Kong. The project was built by Hong Kong's multi-billionaire Kwok brothers and a consortium of Christian organizations to "promote family values and teach love, social harmony and care for the environment as well as the message of creation." The impact has been so enormous that in communist-controlled Hong Kong the city government was forced to change the entire education curriculum to include creationism and intelligent design. Bravo to those who have stood their ground and convictions. It is amazing what we will do and how much we will achieve when we stand our ground for Christ. This is what intercession is really all about. The project has now created a furor with an organization called Concern Group for Hong Kong Education demanding only a science-based evolutionary curriculum. This is typical of liberals of all persuasions. They are super control freaks who can never allow people to have their own opinions especially when such opinions are based on the Word of God. Liberalism is nothing but ultra-rebellion against Jesus and His Word. Together with their anti-God philosophy of HUMANISM declaring that everything that exists is for the benefit of mankind, his comfort and blessing such blinded, naive and pathetically narrow minded people are seeking to take the world. They include politicians, socialites, economists, religious leaders and even Christians who are blinded and deceived by their own importance and visions. To think that the poor little rich drug abusing, free sex activists, perverted psycho ants who were the flower power generation of rebels of the 1960s are now the liberal humanist rulers of today, is frightening. These are the Jesus hating, anti-establishment, super control freaks whose

"political correctness" applies only to everyone else submitting to their opinions and persuasions. Rebellion towards Jesus Christ is the greatest battle of this age for the Church and the battle lines have surely been drawn. We should not expect anything other than what Jesus declared, "If the world has hated me they will hate you." The church cannot continue with the business of religion as usual. It is time for a radical wake-up call. We really do know all the answers but the means of reaching those answers continues to elude the Body of Christ because most Christians are too lazy to pay the price to touch the throne of God and obtain His results in any given situation. I am visiting church after church that talks the right talk and only dreams about what true intercession really brings to pass. BUT, true intercession is serious discipline and very hard work and is all about dying to self of which very few are interested or bothered. Despite the social, economic and political climate of the nations things are not yet bad enough for people to really cry out to the Lord. There is no doubt that the world is going to follow a series of wave-like flows of ups and downs, crests and troughs but on a continual downward spiral so that the whole earth will reach the point of crying out for a statesman that will have the answers to particularly the world economic crisis which ultimately equates to food or basic survival. There is not a true leader on the planet in any field at this particular time. The stage is, indeed set, for the appearance of THE Anti-Christ. This person will initially have the answers to the chaotic world situation and most leaders will quickly offer allegiance to him. The world media is controlled by the super liberal humanists who belch out hatred against Christ and His church. The sad thing is that most believers are gullible enough to believe the news media above the Word of God. I am currently developing a wonderful course in the Bible school in Africa entitled, "Stop thinking like Adam and start thinking like Christ." Because we are more still more natural than spiritual our lives are still dictated by our five natural senses rather than the blessed Holy Spirit. We would rather listen to and obey the systems of this world that we would listen to and obey the Spirit of God. Yet we forget that the blessed Holy Spirit is the Spirit of truth who leads us into all truth. Most believers will

rather believe and accept the opinions of the world belched out by the media than they would accept God's opinion written in His Word. This is the difference between eating of the Tree of the Knowledge of Good and Evil and eating of the Tree of Life. Jesus plainly told His disciples, "You have ears but hear not and eyes, but you see not..." Jesus was not speaking about having a set of natural ears and natural eyes. He was speaking about the spirit within us. We would far rather listen to our natural faculties than the still small voice that speaks within. It is for this reason that so many believers get trapped into the natural. BUT, Jesus has called us out of darkness; He has called us out of the world; He has translated us into the Kingdom of His dear Son which is the Kingdom of light. At least one of the greatest aspects of this present age is that people will no longer be able to be fence sitters. People are going to have to make serious choices of where their allegiance really lies and that depends on true relationship. This is seriously important as the ultra liberal humanists press their agenda for the entire planet to bring this planet into their web so as to assume complete control. This is the conspiracy of the ages for which Satan has strategized and we are seeing the consummation of his plans before our very eyes. The standards and norms of decency are being overthrown on a daily basis and good is become evil and evil is become good and the people of the world love it so. The Lord, however, is still on the throne and will laugh them to scorn.

### TESTIMONIES:

As I was leaving my office for my trip to USA a little school boy rushed in and thrust a letter into my hand and fled. This is what he wrote:

"Dear Pastor Howard,

The reason I have written this letter is to let you know about what was in my heart. I never liked you. I thought that you were the worst person I have ever seen in my life. Then, when you paddled me in your office, I said to myself, 'When will this guy leave Malawi?' BUT now, I have realized how wrong I am. You have changed so many people's lives and mine as well. I now think that you are the best pastor I have ever seen. Have a safe journey as you go."

A young girl student wrote:

"I would like to thank you greatly for your prayers the last few times this term. I now realize my purpose in this school. I honestly never looked forward to coming back but now I consider it as my second HOME. I even have so much pride in myself to know that I am a living testimony. I am also strongly building a personal relationship with Jesus Christ and without coming to this school, I would have not gotten where I am now. As far as my family is concerned, I have a single mother who works hard in order to for me to remain here because she says it is the SAFEST place and she will not worry. I was once affected by the fact I did not have a father but being here is a blessing and has taught me to be strong, be confident, hard-working and now I know that I have someone who loves me like a daughter and He gave me the special gift of speaking in tongues. I truly appreciate this school and all you do, Sir. Thank you once again. I am looking forward to coming back

next term and may the good Lord guide you and bless you throughout your journey."

"Dear Sir,

I greet you in the name of our Lord Jesus Christ. I hope you are having the best of your holiday in the United States and that God continues to bless you. I write to ask for your forgiveness over my arrogant, uncooperative and irresponsible behavior that I have displayed in the school. It is sad that I have reached a stage of realizing my mistakes when I was told I will not be allowed in the school next term. I know I am not in the best position to ask for anything from you, the teachers and the prefects, considering the conduct I had in my stay at the school. I am not saying this because I am concerned with coming back in the school, but I really mean it. I am ashamed that I am doing this now, when I should have done it before. I really regret that it has taken me this long and receiving a letter of expulsion to come to my senses. I have realized that I had been foolish all along.

I should say it is a privilege to be a part of the Kalibu vision. I was once a part of this great vision and I gave it away so cheaply. I would never forgive myself if I don't find a way to make amends for my failures and all the trouble that I put you through. I really don't see any other school which has so much love and care for its students than the academy does. I treasure every moment I spend in the school though instead of showing my appreciation I made every one go through hell. There are several occasions when you sir, and sometimes teachers and prefects supported me in so many ways but I repaid your love and care with my unacceptable behavior. I don't think I have the words to explain how sorry I am. I know I have to do a lot more than what I write to you and I will not be surprised if I get a cold response like I already had from Francis, who really tried his best to help me, but I let him down, the same way I did with you, the teachers and prefects. There is nothing else I can do but ask for your forgiveness and hope that there is still a place for me in the school. I know I am not in a position to seek forgiveness but that's all I ask of you. Have a nice holiday and may GOD continue to bless you all the days of your life. Yours, Steven."

------------------	------

During our travels around the United States we were introduced to a ministry that has offered containers of free food. This will not only help with feeding the school but we will also be able to distribute to the families of our rural pastors. A 40' container holds 270,000 packets of food and each packet will feed six. It will cost \$10,000 to ship a container so if anyone would like to donate towards the shipping costs we would greatly appreciate it

\*\*\*\*\*  
 Even though it has been some time since we sent a container to Malawi we are still collecting. If you have anything that can be used in the school or the cottages and of course the pastors and their families please send to the warehouse in Toledo. The address should read:

Please remember to give your best and not rags, broken objects etc. JESUS gave His best for us and we can do no less for others.
