Beloved Partners & Friends

“To the intent that now unto the principalities and powers in heavenly places might be known by the church the manifold wisdom of God.” (Eph 3: 10) I have shared this powerful and demanding Scripture before but recently the Lord spoke to me in a very clear way about our Christian responsibility and duty to speak out. Once again it is an issue of ***"All that is necessary for the triumph of evil is that good men do nothing."*** (Edmund Burke) So much of our effort and momentum are wasted and misdirected by our fighting wars that should never be fought. We get so embroiled in wanting our way that we expend vast amounts of energy that should be better used for Kingdom advance. Our failure to confront the enemy and evil in all of its guises LEGITIMIZES the enemy in his ill intent. God has given us a voice and He requires us as believers to use that voice.

Silence on any disagreeable matter is tantamount to an endorsement of that issue. Christians are too silent on issues that are really important. When believers stand idly by and say nothing they are encouraging the principalities and powers of darkness to be bold. It seems that the prevailing attitude in Christian circles is, “What can my voice do? Why bother?” Let us be reminded that it was the endeavor and tenacity of one woman who had a voice against prayer in schools in USA. Her voice was heard because she did not shut up and she did not quit. It was the voice of one woman that brought in abortion for the very same reasons. We forget as believers that we have the power of the blessed Holy Spirit and the witness of the heavenly host. Our voice encourages and blesses them as much as our silence demotivates them. If we only understood this powerful principle, we would never cease to use our voice no matter whether or not anybody on earth would listen. It is not about affairs on earth that matter. What happens

WE HAVE A VOICE

in the natural is dictated by what happens in the spiritual realm. The most important fact is that the principalities and powers in heavenly places both of those of light and darkness hear what we have to say and our bold declaration of truth makes an enormous impact on them.

In the world of today with all the multi-media systems at our disposal, the internet, face book, twitter and a host of other means of making our voice heard, the believer has a RESPONSIBILITY to speak out and to speak out boldly for Christ and His Gospel. I am not suggesting that we get caught up in the host of social issues that are unending. When society which is now ruled by liberal humanism and New Age agendas blasphemes His name and comes against His Word, we are duty- bound to speak out. In the natural there will not be any positive response but it is in the spiritual realm that something significant happens.

Firstly, I have no doubt at all that there will be enormous libraries in heaven that will contain volumes upon volumes recording every word we have ever spoken on earth in defense of the Lord, His people and His Word. It therefore behooves us to speak.

Secondly, the power of the pen and written word is enormous and will reach where we will never go.

Thirdly, the angels of the Lord are supremely blessed and encouraged when they hear us boldly declaring truth to the heavens. In an amazing way, such declarations empower them.

Fourthly, bold declarations of the truth are a stumbling block to the powers of darkness and this in turn has an impact on the natural world. We are commanded of the Lord, “Thou shalt not be afraid for the terror by night; *nor* for the arrow *that* flieth by day.” (Ps 91: 5) Part of the arrows that are fired by the enemy and fly by day are wicked words sent to destabilize and overcome the believer. All of us know the power of devastating words that have been spoken at us in anger and offense, often by believers. “Death and life *are* in the power of the tongue: and they that love it shall eat the fruit thereof.” This is a spiritual truth and principle. The Word boldly declares, “And they overcame him by the blood of the Lamb, and by the word (prophecy) of their testimony; and they loved not their lives unto the death.” We

are duty-bound to speak out and to speak loudly and boldly. When standing in the authority of the Lord, we overcome the enemy by the WORD of our testimony. What a powerful reason to shout out and declare the victory and majesty of the Lord. Heaven is waiting for you to speak the Word of truth, to write it and to protest against evil. The reason that a Hitler arose in Germany is because the church stood by and said and did nothing. In behaving thus, the German church legitimized the enemy who became bold and pompous. Nothing has changed for millennia. Israel cried for a king like the kings of the Canaanites and they received Saul, a man after the PEOPLES' hearts. Then, Israel saw a shepherd boy but the Lord chose Him a king after the Lord's heart. We have been given the oracles of the Lord and we certainly need to use them.

KALIBU ACADEMY

CAMBRIDGE UNIVERSITY INSPECTION

This year's Cambridge examinations are in progress and this requires a visit from Inspectors from Britain to come and make sure all requirements are being met in

administering the exams. We had the Inspector visit us in May and he gave us no notice. As Headmaster I was making the daily rounds on the campus and happened to bump into him as he was checking the Science Laboratories. It was wonderful to see that he was very excited with the discipline of the students. "You don't find such disciplined students in the schools in the United Kingdom," he said. What touched the Inspector most is that every student he passed greeted him and he asked how we managed it. I explained that since our motto is "Spirit of Excellence Reaching the Heavens" students are required to adhere to the motto and that in everything we do we demand excellence. If they are to be future leaders it requires discipline for without it there is no success in life. "I am very impressed with what I have seen at Kalibu Academy and it is a great center. He said had it been that the Inspectorate form was not specially designed he would have written his own report and that the science laboratories, the hall set up for the examination, the cleanliness and politeness and the order of the students, the landscape and flora that goes with it, the beauty of the mountains and the location of the school itself was heart touching to him.

We were also visited by Directors of one of the fastest growing primary schools in town, Royal Heritage Academy. They want to partner with Kalibu Academy and to send their graduates on to us. This is as a result of the demands from parents and guardians. We feel greatly honored to be associated with raising future leaders and to be noted by even the Cambridge Inspector. This keeps us in the knowledge that our laboring is not in vain.

BAPTISMAL

We had a wonderful start to the new term as so many students decided they wanted to be baptized. All of them made the decision on their own without being coerced by fellow students. When challenged by parents they said that they were convicted by the Word of God to do so and felt an urgency to do so. There were almost 150 who came forward from all age groups. In the past there have always been more girls to step forward for baptism but this time the boys came forward. Some came to say that they wanted it immediately and many followed in the week after.

It was a powerful morning as the Lord moved upon all the students as they stood around the baptismal tank. Many had already been through the waters themselves and were excited for their fellow students who had decided to take this step.

Pastor Paisley gave a message on Philip the Ethiopian Eunuch. Any one of these students can take the Message of the Gospel to any part of the world and make a difference. We can take the Message anywhere that we go and make a difference. It is such a simple Message and brings hope, freedom, healing to this sick and dying world. Let us make a difference in someone's life today. Even if it seems that you have not been heard or you have been ignored you will have planted a seed. It is up to the Holy Spirit to water and see it grow.

Pastor Paisley and Pastor Errol spent hours in that concrete baptismal with those students and it is winter in Africa! But what joy to see so many lives change and teachers are already commenting that many of these students are showing a new respect for them and are challenging them to help them out with their studies so that they can be achievers. What more can a teachers ask for than students who are hungry to learn and work hard?

TESTIMONY

Before I came to Africa I had no interest in changing. I wanted to quit school. I was very troublesome. I was drinking and doing drugs and had no respect for the adults in my life. I disrespected my parents and my teachers.

Now I realize why it is important to live biblically. This is the exact opposite of what I was doing. Because of all my sinful behavior, I allowed myself to harden my heart towards God. I was allowing the devil to work through my mouth and body. It got to the point where I heard voices in my head, telling me to do evil things. My anger stress levels where rising to the point of wanting to take my own life. I hated life, but this was all caused by my behavior.

This is how I was before I came to Kalibu Academy. I was very troublesome and disrespectful and very wrong in my behavior. But since I came to this school I feel changed in ways I never thought possible. When I was diagnosed with the mental disorders I thought it was something I would have to deal with for the rest of my life. I would hear voices in my head and see shadows and things of that nature. All of these things were because of the devil.

There is a process in which someone needs to go through if they want to change. First I went to God, It took a while but I think I did it on my second week here. I first prayed for forgiveness and then then I started praying for God to help me change for the better. When I first came to Kalibu I can honestly say that I craved alcohol and drugs. But because of being forced to stop, I realized that the drugs and alcohol only made matters worse.

After I repented and prayed I had to make an effort to change. The effort made was from the help of God who softened my heart and because of this, I am no longer addicted to any chemicals or hear voices in my head. Because of God, I now have more interest in doing well in school, passing my classes and graduating with good grades.

Because of God and the staff at Kalibu I have been given the help I needed to live a good life. I am now closer to God then I ever have been and pray and read my Bible daily. Thanks to Pastor Michael, Pastor Paisley, Pastor Roz, Pastor Edmundas, and all my teachers and friends here at Kalibu I can honestly say that if it wasn't for these people I never would have changed.

I can't wait to go back to America and prove myself a changed man.

Dominick

Water baptism took place in Kalibu Academy on 15th of May. 140 students were baptized by our Headmaster Pastor Paisley and by Pastor Errol Lobb. Dominick was one of the baptized students.

UPDATES

Don't forget the container!!!!

We plan on sending a container out to Africa in the Summer. We have been donated a vehicle for the school which is full of items for our new school clinic. This clinic will not only serve the school but also the Bible College once it opens. There has been a hitch as we examine how best to get the truck into the container as the canopy is a little too high to fit. Any suggestions from any engineers out there would be invaluable at this time. . If you have anything you would like to send such as clothing and kitchen requirements for the elderly OR items to furnish the Bible School studio apartments please send them as soon as possible to:

Shekinah Ministries,
c/o I.C. Fluid Power, Attention Jordan,
