Beloved Partners & Friends

What the world needs in this hour is a ROARING NEW GENERATION. The glorious Word declares unequivocally, THE RIGHTEOUS ARE BOLD AS A LION! It is no accident that the LION, as KING OF THE JUNGLE was chosen by the Lord to characterize His Son. When the lion roars at night in Africa, the entire jungle immediately goes silent. Not an animal or even an insect moves, let alone makes noise. Fear seeps into the deepest part of every living thing that has any emotion and the respect for this animal captures the minds of all people. Jesus is coming back not as a baby in the manger, the healing servant, the Lamb or the glorious Prince of Peace but as victorious King of Kings full of anger and roaring as the triumphant mighty lion. He is coming to press out the wine of the wrath of Almighty God and when men shall see Him, they will flee to the caves and dens of the earth and seek for the mountains to fall on them and cover them so terrible will His anger appear. This is so difficult for most Christians to comprehend less even accept but Revelation is very clear on the subject and blatantly declares it. This age or dispensation of time has already transitioned into the return of Christ. We have already crossed the line and believers should start to display the changing character of Christ. **We should be getting angry at the Godlessness of the world and the wickedness of sin AND of people who love their sin.** It is not hard for me to accept this, not because I am an African, but because I am a man of God who follows the leading of the blessed Holy Spirit. This, of course, is not politically correct or acceptable especially in light of the recent Oslo bombing and Norwegian massacre carried out by some crazy, perverted extremist that the media is portraying as a fundamental Christian extremist with right wing beliefs. I deplore this kind of bizarre behavior in the

THE CHURCH TRIUMPHANT

strongest terms. Such a psycho person does not represent me. Do not be defensive about your faith in the face of such a crazy, but boldly declare Christ. Now, here is the real issue. Our generation has presented to the world and our children and grandchildren a picture of Christ that simply does not fit their paradigm or frame of reference in this hour. Our children and especially grandchildren do not respect the Lord because we have presented Christ as pathetic, weak, hypocritical by our behavior and simply a crutch for losers. Across Europe, the growing hero of the youth is Hitler and the Nazis. Imagine how this scenario has happened? This is, indeed, preparation for the Anti-Christ. Christ is perceived to be for weaklings. **The great tragedy is that we have lost the right and legitimacy to minister to the younger generations.** They hate our dead, hypocritical religious systems. They need a living, dynamic Christ who is equal to this present age and generation. For the most part, our children and grandchildren have seen our corrupt living standards and hypocritical behavior as we have nagged and nagged them to get saved and not go to hell. Do we wonder they do not want any part of this type of Church? We have not presented a Kingdom living, dynamic, powerful, overcoming, victorious Christ. What we need to do is present Christ in a fresh frame. How can the Christ that we serve compete with my son's sports hero or my daughter's Olympic gold medal figure skating champion? How do we expect them to serve Christ when they see my corrupt life style? Everyone knows for what Christ stands and His standards. When I will not forgive; when I am bitter, angry, jealous, mean and vindictive; when I am selfish and unloving; when I am fearful, and when I am always complaining how do I present KINGDOM LIVING POWER that convicts my children and gives them a desire for Christ?

You, beloved, reading this newsletter, are the person, the generation that **EMPOWERS THE CHURCH!** **You have a voice and you have power, real power even if you do not believe it or perceive it.** I want you to help empower us to change the next two generations of people and believers. I want you to be part of giving these generations

a real reason to turn around and serve Christ before He returns. I want to raise an army of young people who will be passionate about Christ and so in love with Him that no sacrifice is too great for them. I want a new ROARING GENERATION of young men and women who will spearhead mighty revivals in this land and be part of a dynamic task force who the Holy Spirit will use to take that REVIVAL – true Holy Ghost Revival – to even the whole world. Jesus is going to return soon – even if soon is two decades, it is very soon – but before His return there is going to be a visitation of the Lord on this planet such as has never been. I want you to join me in preparing for that visitation by equipping young people and raising them up to be true Holy Spirit leaders of tomorrow.

Will you invest in the KINGDOM? This will be true investment that will last for eternity because it is all about PEOPLE; about equipping and training a new generation to carry the torch: The ROARING NEW GENERATION! We have developed true apostolic ministry over many years so making us legitimate to take this ministry to a new level. Of course this requires financial investment as well as your time and effort in effective prayer. I want you to start prayer cells, worship cells and Bible study cells even if it is only with two or three others and focus on this vision. Write to us your willingness to get involved and keep us updated. We, in turn, will help you and direct you. I also would like everyone to commit to a financial investment in the next year. If everyone partner and friend committed to only 200 dollars **OVER THE NEXT YEAR** there would be no lack of needed finance to implement this wonderful program and vision. Your investment now is also your future tomorrow in your children and grandchildren. This is not some sales gimmick but real KINGDOM PRINCIPLES in operation. The Lord bless you.

ELDERLY PROJECT MALAWI

Before coming to Kalibu I had heard that they had started an elderly project in Malawi and had already bought the land for building a village just for old people as they are being neglected. Many people believe that old people are witches and very often they are despised and isolated from the community. Added to the mental pain of being ostracized and the poverty they suffer there are numerous diseases and infirmities similar to those that all old people suffer. Knowing all these facts I was enthusiastic to go to see the old people and ministry there. Because I had my last practical period in an elderly ward in Finland, I was quite aware of the needs that old people have and the problems they face. We agreed with Mr. Kavala that we would go on 11th June for a weekend-trip to Nsanje where Kalibu Ministries has a big church and where the land for the village is already bought.

Early on Saturday morning we headed to Nsanje with Mr Kavala and driver in one lorry loaded full with flour, clothes and wheelchairs and a minibus with a driver, four Kalibu Academy students, a reporter of Malawian newspaper "The Nation" and us, two Finnish ladies. Honestly I must say that travelling in a minibus with bad shocks on these pitted roads is not my favourite. But on the other hand Malawian landscape is beautiful.

When we turned to church yard it was already full of old people waiting for us. While the drivers were unloading the truck, we were greeting those who had come. Members of the church and local pastors also came to help carry the floursacks and wheelchairs into the church. Folks gathered and were sitting on the dusty church floor. It was amazing to see all those wrinkled faces happily waiting for aid. Mr. Kavala explained why we had come to see them. Katariina and I were waiting for the moment to express and share the love of God to those who were listening. In the Bible it is said that long life is surely a blessing and not witchcraft!

After a short meeting Kalibu students and pastors started to give out flour, soyabeans and other items. People were lining up peacefully. One very happy old lady with hemiplegia (half paralyzed) was given a wheelchair and the reporter from "Malawi Nation" interviewed her. The woman didn't know her exact age but she said that for sometime now she had had to crawl if she wanted to move from one place to another.

Afterward we drove to a tiny village to continue the project. It was so overwhelming to see that kind of poverty. One lady was wearing a top with front side only left because backside was simply worn out. They really need everything: clothes, proper place to sleep, pillows, mattresses, food, health centers, medicines. When you are involved in the trustable mission you really know that the donations goes where they are supposed to go. There are many so called Christian missions yet very little of their aid truly reaches the poorest people and those who are most needy. Now I have seen by my own eyes that Kalibu Ministry does excellent work.

FOOD FOR THE ELDERLY

On Sunday we drove back weary but grateful at having the opportunity to help... but still I couldn't take out of my heart the pain and thinking of how we could do more, also in Finland. In the western world we have everything and still it is not enough for us. On our way back I talked with Tray Quinn (in a picture) from US, who is a student at Kalibu. I have asked how he had felt helping those in need. He told he has been in Kalibu for 8 months now and that he was amazed that those things (second-hand clothes) which are just a rubbish to some of us, are treasuries to those people. He said that before he came to Kalibu he was spoiled and whined for everything, but God has changed his heart here. God surely has power to change us and what a blessing if it happens when we are still young and have life ahead.

I really hope and pray that you would have this project in your heart, if it is not yet there. God loves those people and wants to help them! The need is huge and building an elderly-village costs a lot. We must remember that the only hands Christ has are ours.

UPDATES

Don't forget the container!!!!

We plan on sending a container out to Africa in the Summer. We have been donated a vehicle for the school which is full of items for our new school clinic. This clinic will not only serve the school but also the Bible College once it opens. There has been a hitch as we examine how best to get the truck into the container as the canopy is a little too high to fit. Any suggestions from any engineers out there would be invaluable at this time. . If you have anything you would like to send such as clothing and kitchen requirements for the elderly OR items to furnish the Bible School studio apartments please send them as soon as possible to:
